"Drinking Men Discharged" Las Cruces and the Mesilla Valley

Whisky has been driven from every place of honor because it is a to achievement, and a deadly enemy of happiness, and a menace

Whisky has been driven from every place of honor because it is a bar to achievement, and a deadly enemy of happiness, and a menace to physical and mental health.

A majority of all habitual users of alcohol would gladly quit drinking if they could ever get the poison out of their systems, and reach a condition in which they could live in comfort without it.

The Globe Three Day Treatment is safe, reliable and speedy. It strengthens every "nerve" and organ of the mind and body, driving out every vestige of alcoholic poison from the system, leaving it clean and healthy. We accomplish this without hypodermic injections, without the use of system wrecking drues, without a long and expensive residence in a sanitarium, and you will be detained but three days from your business. We guarantee a cure at the end of the third day. If you are not satisfied the full fee paid shall be refunded.

proaching Minneapolis. The minority

refused even to take a recess, and the

other members, protesting against the

evident determination to take a snap judgment by a minority in the absence

of a third of the whole tribunal, and

declining to bear any responsibility

for thus converting the investigation

control of the committee.

The meeting being left without a

quorum, any attempted decision of the case would have no more validity than

would like action of a similar number

of men collected at random in the

streets, but the spectacle was presented

Thuse five continued their proceed-

pretending to adopt a report of 89 pages which they brought to the meet-

ing already prepared, and which was

never the subject of consideration of

discussion, or even read in committee,

they gave it to the newspapers, al-

though the law required it to be ren-

dered to congress; and they completed

their perversion of the purpose of the

meeting by adjourning to December 3,

so as to foreclose, if possible, any ac-

evidence by the committee in the

extended to the majority the leave to

The report of the committee cannot

be made until December 5, when con-

gress meets, and the meeting called

for September 5 was for the purpose of considering and discussing what the

report to be made three months there-

The pretended adoption of a report

by a political minority and its publi-

committee, exhibited a willingness to sacrifice the rights and injure the

reputation of the officers investigated

in order to obtain a supposed party advantage in the pending campaign.

We cannot reconcile such a course with our sense of justice and of our duty.

Testimonials from Grateful El Paso Patients Given Upon Request,

Friends of Secretary Meet and Call Democrats Ward Politicians.

Chicago, Ill., Sept. 14.—The six Republican members of the Ballinger investigating committee, who met here yesterday, issued a statement condemning the action of the four Democratic nbers and one Republican insurgent who delivered a report at Minneapolis last Wednesday, demanding the re-tirement of Mr. Ballinger.

Those present yesterday were sena-tors Nelson, Sutherland, and Root, and congressmen McCall, Olmstead and They declared the action of what they termed the "minority" at Minneapolis to have been "according to the worst methods of ward poli-

The evidence in the Ballinger case was discussed, but in the absence of a quorum they stated that no action on the case itself was possible.

Following is the statement issued: The hearings of the committee, after proceedings for months, were ended in the closing days of the last session of congress. There was no opportunity and no attempt upon the part of anybody to have the committee meet for purposes of consultation upon the evidence or to report its findings to congress prior to the adjudgment of the session. Under the circumstances that course was manifestly impossible. The day of the meeting found the

membership widely scattered, and only seven of the 12 members present. Upon reassembling two days later eight men were present and two more were reported on the way. The eighth member to appear happened to be a Democrat and the members of that party found themselves in temperary control, and promptly proceeded to turn the circumstances to what seemed to them a party advantage. In advance weighed and discussed in committee, they demanded the passage of resolutions of the most sweeping character, formally finding secretary Ballinger guilty, not merely of charges that had been made, but of charges that that only been implied and of things which never have been charged, but which persons appearing at the hearing had

alleged against him. Other members of the committee present protested against such proceedings, which would dispose of the case in the absence of four of the 12 members, making it possible for a minority of the committee to find the committee verdict, and this, too, without any consultation or discussion.

But the partisan political end to be gained by the Democratic minerity became all the more urgent in proportion as the railway trains bearing other members of the committee were ap-

CRUCES TO HAVE A NEW BUILDING

Old Landmark Is Removed to Make Room for Mod-

ern Office Building. Las Cruces, N. M., Sept. 14.—October is the day set for the razing of the old Rio Grande hotel, a landmark of the Mesilla valley and one of its most famous hostelries from 1864 to 1900. Its history could include romance, intrigue and tragedy, and it has sheltered many of the men who are today prominent in national affairs. Among these might be mentioned Steve B. Elkins, senator from West Virginia, whose name is on the original deed conveying the property to Mrs. J. L. May in 1864, Elkins being a witness to the

A modern building will be erected on the site of the old hotel, the present plans calling for one story and a basement, with walls built on the idea of later adding one or two stories. building will have a frontage of 70 feet and a depth of 100 feet. The corner room will be 35 by 100 feet and will be occupied by May Bros, with a retail and wholesale grocery store. The balance of the building will be made into offices, most of which have already been spoken for.

into a travesty and for a violation of the fundamental principles which should govern the proceedings, with-drew from the meeting, and thus de-prived the Democrats of their temporary May Bros. will also construct a cold storage plant in the rear of the new building, large enough to hold several carloads of produce, the intention of the firm being to handle all the vegetables that the farmers of this vicinity can raise. In addition to the cold storage plant there will be a plate glas cooling room constructed within the storeroom proper, where the products of the valley can be kept in good condition and still be open to the view of the public.

of five men out of a tribunal of 12 created by the congress of the United States assuming to act as the tribunal COLLEGE INSURANCE MORE THAN STATED ings to the end according to the worst methods of ward politics, and after

No Interruption in Studies at Mesilla Park; Rebuild-

ing to Start Soon. Las Cruces, N. M., Sept. 14.—The work at the New Mexico Agricultural college is going ahead without interruption on account of the destruction of the old main building, commonly known as McFie hall. Yesterday morning the clases were only delayed 15 tion or consideration or discussion of minutes, caused by the necessary rearrangement of class rooms, and all demeantime; and by vote they graciously partments are now running as usual. The burned building was completely destroyed, only the four outside walls remaining to mark the site of the first building of the institution. The insurance adjusters will be at the college on Thursday to adjust the loss, after which the walls will be razed and work on the new building commenced. The

THE ORGAN RANGES IN GOOD CONDITION

More Water and Grass Than at Any Time During the Past Four Years.

Las Cruces, N. M., Sept. 14.—Cattle-men from the various districts tributary to Las Cruces are jubilant over the condition of the ranges. They state that this fall is the first in the last four years when the grass and general conditions have been so favorable. On the Cox range, and a great portion of the Turney range, the grass is so thick it is like a carpet, while country is full of water, some of these tanks and holes not having had any appreciable quantity of water for more than four at present are fat, slick and in the best condition, generally, and the cattlemen are increasing the number of cattle by at least one-third to what they have been carrying during the summer.

Around the tanks and the water holes large numbers of ducks have been congregating and the duck hunters have been bringing in quite a number of the feathered game, blue bills and teals being in the ascendancy, with

OF CRUCES OPEN

Attendance This Year Will Exceed That of Last Term: New Studies.

Las Cruces, N. M., Sept. 14.-The Las Cruces public schools opened on Mon-day with an attendance of 600 for the opening day, as compared to a total attendance for the entire school year of 1909-10 of 636. It is certain that the entire enrolment for the year 1910-11 will reach at least 700, and may go even beyond that.

There are 14 teachers employed, 12 of whom are residents of New Mexico, one from Indiana and one from Michigan. Eight of the 14 are college graduates and the other six have had from two to three years' training in prominent normal schools

There has been added to the curriculum this year the first year of high school work, this being in charge of York has returned to his home after Prof. J. H. Wagner, Mrs. Dusenberry spending some time here making addiand Rev. Mr. Rodriguez. This is the first high school work to be given in Dona Ana county. Besides the addition of the high school work, a department of Spanish has been added this year, which will be under the tutelage of Rev. Mr. Rodriguez. This department has been added for the more adranced students.

IS TEDDY SEEKING THE TEXAS VOTE?

More Popular With Republicans in This State Than

His Successor. (By Hornce H. Shelton)

San Antonio, Texas, Sept. 14.-The

positive announcement that Theodore Roosevelt will make a tour of Texas in March is taken as a further indication he is to be an active candidate for the presidential nomination in 1912 and this trip is part of the plan to line up the west solidly. In addition to Texas California. On the return trip from California he will visit some of the northwestern states. This trip, together with the one he will take through the south within the next few weeks, will practically cover the United States. Taft is by no means popular with the Republicans of Texas. He has not appealed to them as did Roosevelt. The turning down of judge . McGrady, Bonham, to appoint Gordon Russell, a Democrat, to the federal judgeship of cause a great deal. It might have been pleasing to United States senator Jo-

Evidence of Popularity. The recent trip has shown Roosevelt how popular he is. It is generally be-Heved that he is only waiting to see how the east will line up. Roosevelt realizes that in New York, Pennsylvania, Massachusetts, Rhode Island, Connecticut and other places where the party organization is in the hands of the interests he will have a hard fight ahead of him. The west is his country

friendly. The trip through Texas will include speeches at Beaumont, Houston, San Antonio, Dallas, Fort Worth and through the Panhandle, probably leaving the state at El Paso. This would serve to creat enough enthusiasm to prevent any possible contingency arising whereby the state might go for any other candidate than Roosevelt

SOLOMONVILLE SCHOOL CLOSED ELECTION DAY
